

MANUFACTURER  
ICE CREAM

2026  
CATALOG

The company "Lasunka" has been producing ice-cream since 1997. Right from the beginning, the company kept to the standards of quality and thoroughly monitored everything, so that their products were not only delicious, but also completely safe. Having developed its own unique technologies of production in cold treats, the company remained faithful to the general principles of its work. That's why every individual shouldn't have any doubts that each pack of our ice-cream of this trade mark is a natural product, made from the best ingredients.

The company "Lasunka" - is a modern specialized enterprise. The scales of our production have no equal within Ukraine and Lasunka has 28-years of experience in producing ice-cream, which means we can confidently announce, that "Lasunka" is the biggest producer of ice-cream and rozen products in Ukraine.

A whole range of machines provides continuous work on the shop floors of milk, chocolate and also jam, thanks to this, our customers are able to enjoy their favourite taste of ice-cream: from the simplest ice-cream in a sugar cone, to the cake-ice-cream of a larger size.

More than 1000 employees work for the enterprise "Lasunka". Their professional attitude and responsible approach towards their work each day, helps to make a major contribution to the company's development, constantly increasing our quality and widening our assortment of products. We have young and talented directors at the head of our numerous crew. Our conjoint work is a continuation of the work of each participant – these produce new ideas, solutions and issues from which the final results of all our projects depend.

At present the company "Lasunka" is already a group of five enterprises. These are both large-scale factories, based within different cities of Ukraine (Dnipro, Ternopil) along with separate ventures, the work of which is aimed to ensure the logistics of the company.

Since April 2016, the company Lasunka LLC has been certified in accordance with the requirements of the food safety management system certification scheme FSSC 22000, which included the requirements of ISO 22000:2005, ISO/TS22002-1:2009 and additional requirements of FSSC 22000. The certification body of our company is DQS CES GmbH (Frankfurt am Main, Germany).

The FSSC 22000 certification scheme approves the requirements for the safety management system of our production and companies that participate in various stages of supply, preservation and shipment of food products. Every year, the company undergoes an audit, which confirms the compliance of the safety management system.

Also in 2025, the company Lasunka successfully passed the inspection and received the IFS certificate.
